Once a player is given his release by his original team, he must wait 10 days before playing for his new team, regardless of the point at which he is released during the CRBL season. No roster changes will occur after June 30th.
- Section 17.** If a player decides to switch teams prior to playing a league game in the current season, he will need to be granted a release from his original team provided Article 12, Section 3 has been met. A team who uses an extra hitter may finish a game with 9 players under these described circumstances. A team that uses an extra hitter and DH may finish a game with 10 players. If a defensively eligible player is unable to finish the game for any reason, the extra hitter may not play defense, and the affected team must play with 8 defensive players.
- Section 4.** If a team has the minimum players (9- regular, 10 - DH, or 11 - DH & EH) with no

available subs, and loses any player due to disqualification/ejection, the offending team may continue, but each resulting open spot/s in the batting order related to disqualifications/ejections will be an automatic out. If any team drops below 8 available/able players during a game for any reason/s, that team will immediately forfeit the contest.

Rule 3: Flex Players may be added above and beyond the 25 man roster limit.

Rule 4: Adding a Flex Player will only be permitted if the Flex Player(s) amounts to the 9th and/or 10th player(s) for the team in need.

Rule 5: Added Flex Players will only be able to play in the future if they are (again) the 9th and/or 10th player(s) for the team in need.

Rule 6: The CRBL Flex Roster has absolutely nothing to do with the WBA in any way.

Rule 7: Flex Players will not be allowed to participate in the CRBL Playoffs or the WBA.

Rule 8: Flex Players will not be allowed to play for more than one team in a given CRBL season.

Rule 9: Flex Players will not be allowed to pitch until 10 days after they are added as a Flex Player and provided they are (again) the 9th and/or 10th player(s) for the team in need for a given game.

Rule 10: “Buyer (team) beware”: teams will have no contractual rights to Flex Players. Flex Players will not be forced to turn in a uniform or pay a team fee if they choose to switch to another team the following season. Flex Players will immediately be considered “free agents” at the completion of the current season. Article 12, Section 3 cannot be enforced for a Flex Player.

Rule 11: All established player eligibility rules within the CRBL and WBA will apply to Flex Players.

Rule 12: All Flex Players must be reported to a CRBL officer in the form of an electronically documented communication such as a text or email the day of their addition. CRBL officers will not be required or expected to take phone calls in order to write down pertinent details.

Rule 13: Flex Players will not be required to sign the Flex Player Roster.

Rule 14: The Flex Roster will not be a mechanism to keep players active and eligible related to Article 10, Sections 5 and 15 for future play in the CRBL or the WBA.

Rule 15: The team/manager adding a Flex Player must notify the opposing team prior to the start of that day's league game(s) of exactly who the Flex Player is/players are.

Rule 16: Multiple Flex Players (up to 3, thus reaching the allotted limit) may be added for the same day/game.

Rule 17: Exemptions in regards to using Flex Players will not be allowed.

CRBL Flex Player Roster Rules and Regulations

(Continued)

Rule 18: Any team that uses an illegal/ineligible player will be penalized immediately in the following manner:

- Forfeiture of any game(s) that the illegal/ineligible Flex Player appears in.
- The offending team will not be allowed to use any Flex Players for the remainder of that season.
- The offending team will lose a Flex Player spot the following season for each illegal/ineligible Flex Player that appears in a game.
- Assessed a \$100 fine which must be paid before their next scheduled league game day.
- The illegal/ineligible Flex Player will not be permitted to play for the offending team the remainder of the current season and the entirety of the following season.

NOTE: Again, the basic purpose of the Flex Roster is to help CRBL teams avoid forfeits. The intent is not to provide an avenue for CRBL teams to stockpile players, circumvent eligibility rules, build a "minor league" team, grab day of "ringers" (particularly pitchers), etc. The CRBL expects that its teams and managers use the Flex Roster correctly, not abusively.

CRBL Courtesy Runner Rule

Article 21, Section 9 – Instituted in 2019

- 1.) At any time, the team at bat may use courtesy runners for the pitcher and/or the catcher. In the event that the offensive team bats around, the pitcher and/or catcher who had a courtesy runner inserted on their behalf may bat in their normal position in the batting order.
- 2.) The same individual runner may not be used for both positions (pitcher and catcher) during the game.
- 3.) Neither the pitcher nor the catcher will be required to leave the game under such circumstances.
- 4.) Players who have participated in the game in any other capacity are ineligible to serve as courtesy runners.
- 5.) A player may not run as a courtesy runner for the pitcher or the catcher and then be used as a substitute for another player in that half inning. If an injury, illness or ejection occurs and no other runners available, the courtesy runner may be used as a substitute.
- 6.) Umpires are not required to track courtesy runner usage.
- 7.) A player who violates the courtesy-runner rule is considered to be an illegal substitute.
- 8.) Should and injury, illness or ejection occur to the courtesy runner, another courtesy runner for the pitcher or the catcher may run.

“Extra Hitter” Provision

Article 21, Section 10 – Instituted in 2021

- 1.) Entirely optional on a game by game basis.
- 2.) Extra hitter can hit anywhere in the order.
- 3.) Must be listed as a starter.
- 4.) Cannot be added once the game starts.
- 5.) Same reentry rules will apply to the extra hitter as any other starter.
- 6.) If a team starts a game with 10 players in the line-up (11 if also using a DH), and one of those players gets ejected and there are no subs available, that team will forfeit. You must still finish the game with the same number of players you started with, unless for injury or work related reasons. See Article 21, Sections 3 and 4.
- 7.) Unlike the designated hitter, the extra hitter will *not* be allowed to enter the game defensively or as pitcher – the extra hitter can *only* hit.
- 8.) For All-CRBL awards, the extra hitter will be considered within the group of candidates for the All-CRBL designated hitter award. There will not be an “extra hitter” All-CRBL award.

Pros

- Provides managers another mechanism to get additional player/s in the game.
- Provides an additional avenue for players to become WBA eligible.
- Not unprecedented -- used in amateur leagues in the Twin Cities area.
- Common place in non-league games.

Cons

- Slows down the natural rollover and flow of a line-up.
- Non-traditional.
- As of 2020, there were no other leagues in the WBA using an extra hitter during league games.
- Creates another strategic maneuver for managers to deal with.

CRBL Pitch Limit Rule

Article 21, Section 11 – Instituted in 2021

- 1.) This rule will only apply to CRBL pitchers that have remaining high school eligibility.
- 2.) Graduated high school seniors, college players, “older” adult amateur baseball players, etc. will not be limited by this rule.
- 3.) The pitch count is based on the number of pitches thrown to batters during the batter’s time at bat. Warm up pitches allowed before the game, in between innings or allowed by the umpire in case of injury or game delay do not count, nor do pickoff throws.
- 4.) Pitches are counted and when the number of pitches reaches a certain level, the pitcher must take of the required days of rest. **The maximum number of pitches is 100.**

Maximum number of pitches for HS pitchers

<u>Max # of Pitches</u>	<u>Required Days Rest</u>
1-30	0
31-49	1
50-75	2
76-100	3

- 5.) When the pitcher reaches 100 pitches, he may not pitch to another batter. He can only finish pitching to the current batter, but he may exceed 100 pitches – if needed – to finish the current batter.
- 6.) The pitching rule applies even though a game is called (ended) by the umpire because of darkness, rain or some other factor before it has become an official game.
- 7.) It is not the responsibility of umpires to track and/or enforce the pitch count rule.
- 8.) The manager of the high school eligible pitcher will accurately record and document the according number of pitches.
- 9.) The manager does not need to report the pitch count to league officers, but must be able to show evidence of the pitch count’s accuracy if called upon to do so.

10.) Violation of this rule will result in a \$100 fine for the violating team's manager as well as a one game suspension for the violating team's manager.
